

EMR Components Designed For Long Term Care

Overview

This tutorial will guide you through rate setup for Medicare Facility Coinsurance and Medicaid Bed Hold in the Medeasy3 System.

OTHER Rates

In the “Receivables” area of Medeasy, select “Reimbursement Rates” from the left menu bar. Then select “OTHER” from the Code Type dropdown list. You should see codes for Bed Hold and Facility Coinsurance.

Medicare - Facility Coinsurance Rates

To set up the Medicare Facility coinsurance, select your Medicare payor from the payor dropdown list, and then select the “COINSURANCE” Code from the grid. Click “Edit” to edit the selected code.

EMR Components Designed For Long Term Care

This will bring you to the reimbursement rate history for Medicare Facility Coinsurance. Click the “New” link button to create a new Medicare coinsurance rate.

Payor / Reimbursement Rate History

Manage payor rates for selected rate code

Payor:

OTHER Code:

Description:

Facility charge rate N/A for this type of code

[List](#) New [Edit](#) [Delete](#)

No data to display

Enter the rate and effective date. Then click “Save”.

Payor / Reimbursement Rate

Rate detail entry for specified payor and rate code

Save

Code: COINSURANCE Facility Coinsurance
Payor: MEDICARE - WPS Insurance Company

Payment Rate:

Effective Date:

The new rate you entered will appear in the rate history. As Medicare updates the facility coinsurance rate, you can add a new rate by clicking the “New” link button. The rate history is maintained in the list. When you are finished, click the “Close” button to return to the rate code list.
